DOMESTIC SECTION 214 APPLICATION FILED FOR TRANSFER OF CONTROL OF REDUCED RATE LONG DISTANCE, LLC TO DOMINION BUSINESS GROUP, INC.

STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 03-262

On December 30, 2003, David Butler and BSM Family Limited Partnership (BSM), Visia Communications, LLC (Visia) and Reduced Rate Long Distance, LLC (RRLD), pursuant to sections 63.03 and 63.04 of the Commission's rules, requested consent to transfer control of RRLD to Dominion Business Group, Inc. (Dominion) (together, Applicants).²

Applicants assert that this transaction is entitled to presumptive streamlined treatment pursuant to section 63.03(b)(2)(i) of the Commission's rules because: (1) the transaction would result in Dominion and its affiliates holding less than a ten percent (10%) share of the interstate, interexchange market; (2) Dominion, through RRLD, would provide competitive telephone exchange service only in areas served by dominant local exchange carriers (none of which are parties to the proposed transactions); and (3) none of the Applicants or their affiliates are dominant with respect to any service.³

RRLD and Visia, a holding company owning 100% membership interest in RRLD, are Nevada Limited Liability Companies. Applicants state that RRLD is a non-dominant carrier that resells domestic long distance service from various facilities based carriers. RRLD is authorized to offer these services in forty-eight (48) states and the District of Columbia. Applicants state that RRLD has no affiliates that provide telecommunications services.

⁴⁷ C.F.R. §§ 63.03, 63.04; see 47 U.S.C. § 214.

Applicants are also filing applications for transfer of control associated with authorization for international services. Any action on this domestic 214 application is without prejudice to Commission action on other related pending applications.

³ 47 C.F.R. § 63.03(b)(2)(i). See Letter from EllenAnn G. Sands, Counsel, to Federal Communications Commission, WC Docket No. 03-262 (filed January 21, 2004).

Dominion is a Nevada Corporation that is wholly-owned by Robert Sorrentino. Applicants submit that Dominion is a holding company with no certifications to provide telecommunications service. Applicants state that Dominion has no affiliates that provide telecommunications services.

The Applicants state that grant of this proposed transaction will permit consummation of a transaction whereby Dominion will acquire all of BSM's and David Butler's membership interest in Visia, including Visia's 100% membership interest in RRLD. Thus, Applicants seek consent to transfer control of RRLD by virtue of a membership interest transaction. RRLD will continue to provide competitive telecommunications services to its existing customers following consummation of the proposed transactions.

The Applicants assert that grant of this transaction will serve the public interest, convenience, and necessity. Applicants contend that consummation of the proposed transaction will result in net benefits to RRLD's customers by strengthening the financial status of Visia. According to the Applicants, the transaction will enhance RRLD's ability to offer a broader range of innovate products and services to customers.
